

August Gardening Tips

Prune:

- ❖ Wisteria
- ❖ Dead branches & tree limbs
- ❖ Reshape shrubs with light pruning (avoid shearing)
- ❖ Fruits trained as restricted forms

Fertilize:

- ❖ Add water soluble food to containers
- ❖ Roses on a monthly basis
- ❖ Feed soil with green manure

Plant:

- ❖ Grass – water 2 times daily, needs 4 hrs. of sun
- ❖ Fall vegetable transplants (cucumber, squash, beans, broccoli, cabbage, finish with leafy & root crops)
- ❖ Lift & pot up rooted strawberry runners

Also:

- ❖ Deadhead flowering plants regularly
- ❖ Containers & new plants may need water on a daily basis
- ❖ Harvest vegetables
- ❖ Collect seed from garden plants & flowers for next year
